

ANTARCTICA: 2019/20

TRIP NOTES

Antarctica – 'In Depth'

(includes Antarctic Circle crossing)

11 FEB 2020 – 21 FEB 2020

10 NIGHTS / 11 DAYS

STARTS PUNTA ARENAS

CROSS THE ANTARCTIC CIRCLE AND MAXIMISE YOUR TIME DOWN ON THE ICE!

This voyage encompasses two additional days of exploration in Antarctica without adding to the total length of the voyage. We achieve this by flying from South America to King George Island (Antarctica) at the beginning of the voyage, which saves two days on the sea crossing. Those two days 'saved' allow us the time we need to dive far to the south with the objective of crossing the Antarctic Circle. This extra time also provides for great flexibility in daily programming. Ultimately, it equals more time on shore, more time in the Zodiacs and more time spent in the company of our expert guides soaking up the experience.

We always anticipate exciting navigation as we head for the Antarctic Circle. The region is home to several fascinating historical sites including the old British Antarctic Survey (BAS) hut – “Base W” situated on Detaille Island. We encounter sizable Adelie penguin rookeries here and the low-lying Fish, Argentine and Yalour Island groups provide fantastic options for Zodiac cruising and wildlife observation. Many of the classic locations along the Peninsula are also included and a day in the South Shetland Islands rounds out the experience.

Our full range of activities will be offered on this voyage – walks on shore, visits to wildlife colonies, visits to historic sites and possibly even a working science station. For the more adventurous, sea kayaking is a wonderful way to discover Antarctica – and if weather conditions permit – why not spend the night camping on shore?

Expedition Highlights

- > Cross the Antarctic Circle and enjoy fantastic glaciated scenery along the Peninsula
- > Outstanding wildlife observation on shore, Zodiac cruising and from the ship
- > Visits to historic sites and science stations
- > Learn about the environment, wildlife and ecology of Antarctica from polar experts

ON THIS TRIP

-  Zodiac excursions
-  Onshore hiking options
-  Wildlife observation
-  Photographer-in-Residence
-  Sea kayaking available
-  Whale watching
-  Camping on shore
-  Educational presentations
-  Active Cruising & Wellness

IMPORTANT VOYAGE LOGISTICS

Your journey commences in Punta Arenas, Chile. You will need to arrive in Punta Arenas at least one day prior to the scheduled departure date. This gives you a buffer in the event of any unexpected travel delays between home and voyage embarkation and departure. From Punta Arenas we fly to King George Island (Antarctica) via a special charter flight where we board the ship.

Our voyage is complete when we arrive back into Ushuaia (Argentina). A transfer from the ship to the airport (or local hotels) is provided upon disembarkation. We advise booking your flights out of Ushuaia from mid-morning onwards. Or consider spending a night in Ushuaia at the conclusion of your voyage.

Full joining instructions will be provided in your final travel documentation. If you have questions before this time, please ask us.

YOUR DAY-BY-DAY EXPEDITION ITINERARY

DAY 1 / PUNTA ARENAS (CHILE) TO KING GEORGE ISLAND (TUESDAY, 11 FEBRUARY 2020)

Our journey commences this morning in the southern Chilean port city of Punta Arenas. We gather at a central location and transfer to the airport for the two-hour flight across the Drake Passage to Antarctica (this flight is included in the price of your voyage). Upon arrival at King George Island, we embark our ship via Zodiac. After settling into our cabins and exploring our new surroundings, we meet our expedition team and fellow passengers. Excitement is in the air as we enjoy a welcome refreshment and set sail. No doubt, everyone will be looking forward to the adventure ahead.

DAY 2 / GERLACHE STRAIT AND CUVERVILLE ISLAND

Overnight we have navigated across the Bransfield Strait and wake to the towering peaks of the Antarctic continent laid out before us. Our first objective will be Cuverville Island, situated in the Errera Channel. We venture on shore and observe a substantial colony of gentoo penguins as well as nesting Imperial cormorants. A stroll along the rocky beach here, watching the penguins come and go is a memorable experience. The sea kayakers may take to the water for the first time and there is some great paddling around the island to be enjoyed. As we navigate our way out into the Gerlache Strait - we are on our way to the south, aiming for the Antarctic Circle.

DAY 3 / REACH THE ANTARCTIC CIRCLE

With favourable ice conditions we hope to have reached Matha Strait overnight and will attempt a shore landing at Detaille Island, below the Antarctic Circle. A now abandoned British science station - 'Base W' was established in the 1950s and is in a remarkable state of preservation. For the history buffs this is a fascinating place providing a glimpse into the harsh life of early Antarctic visitors. We toast our success on crossing the Antarctic Circle turning our gaze northwards, viewing the spectacular chain of glacier-covered peaks stretching as far as the eye can see. This coastline begs further exploration.

DAYS 4-7 / EXPLORATION OF THE ANTARCTIC PENINSULA AND THE GERLACHE COASTLINE

Overnight we have navigated north towards the low-lying Yalour Island group. We hope to visit a working scientific base to learn of the important climate-related research happening here. A hike over the snowy saddle of nearby Winter Island allows us to stretch our legs and explore the old British Antarctic Survey hut. Nearby Petermann Island is home to a sizable Adelie penguin rookery. Adelies - the smallest of the Antarctic penguin's nest here and share the location with Gentoo penguins and Imperial cormorants. The view to the north of Mount Shackleton and Mount Scott is impressive. These towering granite sentinels mark the southern entrance to the Lemaire Channel.

Pleneau Island offers more opportunities for shore landings. Just offshore in the shallow waters of the Penola Strait, massive icebergs run aground. Constant wind and wave action sculpt these gargantuan chunks of ice into fantastic shapes, revealing more shades of blue than you could ever imagine. For many, a Zodiac cruise here will be a highlight of the entire voyage.

Ice conditions permitting, we transit the Lemaire Channel on our way north towards Paradise Harbour. This may be the first opportunity to step foot on the continent of Antarctica itself. Nearby Neko Harbour offers another continental landing. Both locations offer great hiking opportunities up to panoramic view points. For the sea kayakers, the paddling opportunities here are endless. Expect to be in full sensory overload by this time of the voyage.

It is somewhere along this stretch of coastline that we plan a night on shore, camping in Antarctica. We have all the right gear and equipment and an expert team to make it happen - all you need is an adventurous spirit! Camping always depends on the weather and is never guaranteed it on any voyage. If the weather is good and site characteristics suit our requirements, rest assured, we will always go for it. Camping is included, and you can decide to participate while onboard. There is no need to pre-book.

DAYS 4-7 CONTINUED.

The huge snow-covered outcrop of Danco Island looms over the ice-choked waters and the hike to the summit is well worth the effort for the epic views. We navigate north through the Gerlache Strait towards Spert Island - a little visited rocky outcrop with remarkable geology. The island is criss-crossed by narrow channels which makes for fantastic Zodiac cruising and sea kayaking. The cliffs are home to numerous nesting bird species and we often encounter whales here. Nearby Mikkelson Harbour also allows for another off-ship excursion.

After several busy days of exploration along the Peninsula, we head north, bound for the South Shetland Islands. This is an important whale migration corridor and we expect sightings of humpbacks, or the resident pod of Orca that inhabit this stretch of water.

DAY 8 / SOUTH SHETLAND ISLANDS

The adventure is not over and we plan an additional day of exploration in the South Shetlands. Prevailing weather conditions will dictate our landing locations. Aitcho Island is a possibility and is a great spot for a hike or a Zodiac cruise. There are several other landing sites in the South Shetland's including Half Moon Island, or the broad pebbly beach at Yankee Harbour, where we sometimes encounter Weddell seals sunning themselves. This is another great spot for a hike. Hannah Point, with its elephant seal colony and nesting Antarctic petrels - could also feature. In the evening, we navigate north and into the Drake Passage, charting a course for South America.

DAYS 9-10 / DRAKE PASSAGE – RETURN TO SOUTH AMERICA

Making our way back to South America, the educational presentations continue and we enjoy a memorable voyage recap by our Expedition Leader. Join our photography experts in the multimedia room and download and back up your precious images. If weather conditions allow, we hope to make a rounding of Cape Horn. This fabled stretch of water is home to legendary tales of exploration and early navigation. It is a fitting place to reflect on a wonderful expedition. Approaching the entrance to the Beagle Channel in early evening light, we enjoy a special dinner attended by the Captain of the ship.

DAY 11 / ARRIVE USHUAIA (ARGENTINA) – VOYAGE CONCLUDES – (FRIDAY, 21 FEBRUARY 2020)

In the early morning, we arrive into Ushuaia, Argentina. It is time to say farewell to your crew and fellow travellers. Guests will be transported to their hotels or to the airport for return flights home. It will be possible to connect to flights through to Buenos Aires or other destinations in South America. Otherwise enjoy a night in town or venture further afield to explore the highlights of Patagonia.

ALTERNATIVE OPTIONS FOR 'ANTARCTICA – IN DEPTH': Two similar itineraries will feature this season. The January voyage operates in a reverse direction. Voyages of similar duration include our 10-night 'Quest for the Antarctic Circle' which starts in the Falkland Islands, or the classic 10-night 'Antarctic Peninsula Adventure' voyages. See the website for details.

ABOUT OUR ITINERARY: Polar exploration can be unpredictable. Specific sites visited will depend on prevailing weather and ice conditions at the time of sailing. The above itinerary should be read as a 'guide only' and may change. The ship's Captain in conjunction with the Expedition Leader continually review the sailing plan throughout the voyage, making adjustments to the itinerary along the way to take advantage of optimal weather and ice conditions or to maximize our encounters with wildlife. Decades of experience spent exploring these waterways mean we have a large number of outstanding landing sites and Zodiac cruising locations to consider, even when the weather conditions may not be ideal or when heavy ice may hinder our planned route. A flexible approach is something we encourage you to bring to the ship.

YOUR EXPEDITION INCLUDES:

- ✓ Comprehensive pre-voyage information package including details to help you prepare for your trip
- ✓ Transfers in Punta Arenas to the airport on Day 1 and from the port to the airport (or a downtown hotel) in Ushuaia at the conclusion of your voyage on Day 11
- ✓ Special charter flight from Punta Arenas (Chile) to King George Island (Antarctica) on Day 1
- ✓ Shipboard accommodation in your selected cabin category with daily housekeeping. Cabins feature outside views with windows or portholes that open on each deck
- ✓ All breakfasts, lunches and dinners on board throughout your voyage with daily afternoon tea
- ✓ 24-hour tea, coffee, hot chocolate in bar/lounge plus in-cabin tea and coffee making facilities
- ✓ Experienced Expedition Leader and professional expedition team of marine biologists, naturalists, historians, adventure guides and photographers
- ✓ Daily off-ship excursions by Zodiac boat breaking into small groups for shore landings
- ✓ Guided hikes and walks on shore of various durations for guests of all abilities
- ✓ Visits to wildlife colonies, historic sites, places of outstanding natural beauty and science stations
- ✓ Educational presentations and talks by polar experts in their field (i.e. marine biologists, naturalists, historians etc). Onboard or on shore
- ✓ Resident photography guide available to assist all guests plus access to computers in the multimedia lab for image downloads, file back up and management
- ✓ An emergency trained medical physician onboard every voyage
- ✓ Dedicated hospitality team including Hotel Manager, four chefs, professional bar staff and Adventure Concierge staff
- ✓ Onboard sauna, plunge pool, Jacuzzi and fitness centre including massage options (charge applies for massage and treatments)
- ✓ Sea Kayaking programme available (additional charge of US\$795pp) – must be reserved at the time of booking your voyage and you must have some prior paddling experience
- ✓ Access to well-stocked library full of polar reference books
- ✓ End of voyage video, photos and take-home USB
- ✓ Port fees and all permits to access visited areas

The right gear for your trip – included ✓

When you travel with One Ocean Expeditions, you have the use of an expedition gear package free of charge. Containing around \$US900 worth of essential equipment, this kit includes a quality waterproof/windproof jacket and bib-pants plus insulated rubber boots designed for extended walking. We also include a set of binoculars and a Nordic trekking pole for use when on shore. A waterproof backpack completes your package. This kit saves you buying expensive clothing and equipment you may only ever use once. It also eliminates the need to carry such cumbersome gear to the ship (total weight around 8kg/17lbs).

The Expedition does not include:

- › Any international or local airfare unless otherwise specified in the voyage itinerary
- › Visa and passport expenses
- › Pre or post-cruise hotel accommodation unless otherwise specified in the itinerary (or pre-arranged)
- › Pre or post-cruise transfers unless otherwise specified in the itinerary (or pre-arranged)
- › Personal expenses on board such as alcoholic beverages, bar charges or laundry expenses
- › Telecommunication charges (i.e. email, satellite phone)
- › Baggage, cancellation or medical travel insurance related expenses (travel insurance is mandatory on all voyages)
- › A voluntary gratuity at the end of the voyage for expedition staff and ship crew (suggested amount – US\$15-20 per day)

IMPORTANT: We utilise a special charter flight between Punta Arenas (Chile) and King George Island (Antarctica) and different luggage limits apply. Please observe a limit of 20kg. There is no facility to purchase excess luggage on this flight. Excess baggage can be stored in Punta Arenas for the duration of your voyage for a small fee. Ask your booking agent for more details. Or contact our office if you have questions.

THE RIGHT SHIP = THE BEST EXPERIENCE

One Ocean Voyager
(Akademik Sergey Vavilov)

Akademik Sergey Vavilov is the perfect size ship for visiting Antarctica. She carries no more than 92 passengers. This is under the maximum number of people allowed on shore (100), as mandated by the regulatory organization for tourism activities in Antarctica (IAATO). Being under this limit, means you will spend the maximum amount of time on shore, on EVERY single excursion. Once on shore, we break up into smaller special interest groups, with several hiking options, perhaps a visit to a penguin rookery, a historic site or a quiet stroll along the shoreline contemplating the magic. You decide how your day unfolds. Your time in Antarctica is precious and we aim to maximize your experience at every opportunity. To learn more about this exceptional vessel, request a copy of the [Ship Fact Sheet](#) containing detailed specifications and additional information about cabins and other facilities.

BEFORE YOU BOOK – IMPORTANT VOYAGE DETAILS

COMPREHENSIVE PRE-VOYAGE INFORMATION

Upon receipt of your deposit and booking forms, a detailed booklet will be sent to you providing additional information to help you prepare for your voyage. This resource is full of useful facts and covers practicalities such as suggested clothing, life on board the ship, wildlife, geography and history as well as details about the activities available throughout your voyage. Information regarding passports and visas, budgeting, as well as travel insurance requirements are also found in this helpful document.

TRAVEL INSURANCE

On all One Ocean Expeditions' voyages, you must have comprehensive travel insurance. Your booking agent can recommend a policy designed to cover participants on these voyages. Your policy must provide coverage for your medical costs in case of hospitalization, emergency travel and repatriation.

Please check the terms of your policy carefully, particularly with regard to limits of cover. Also ensure you are familiar with the procedure for making claims. Once you have paid your deposit or full payment, certain fees will apply if you have to cancel your holiday (see the cancellation provisions in our booking terms and conditions). For this reason you should take out travel insurance at the time of paying your deposit, which should then protect you in such a situation. You will be required to send us travel insurance policy details prior to your voyage.

PASSPORTS AND VISAS

You will need a valid passport with you throughout the journey. Some nationalities will be required to pay a 'reciprocity fee' for entering Argentina and/or Chile. It is important that your passport is valid for at least six months AFTER the expected finish date of your voyage.

CAMPING IN ANTARCTICA

Spend a night on shore camping in Antarctica. Quality camping gear is provided for everyone to enjoy this unique experience. Camping is INCLUDED in the price of your expedition. You do not need to pre-book this activity. Sign up once onboard. NOTE: Camping is dependent on favourable weather conditions. This activity is not guaranteed on any voyage.

SEA KAYAKING

The sea kayaking program is directed at any passenger with an adventurous spirit and some prior paddling experience. This option MUST be reserved at the time of booking and attracts an additional charge of US\$795 per participant. You can not book sea kayaking on board the ship. You will need to complete a special questionnaire outlining your previous kayaking experience. Ask your agent, or our office for a copy of this document if you are interested in joining the sea kayaking program.

THE ONE CLUB – EXPEDITION ALUMNI

Come as a passenger, leave as a friend. Once you have experienced one voyage with us, it's likely you will want to experience another. Your commitment to travel with us is rewarded with our commitment to you, our valued guest. As members of the One Club Expedition Alumni, your loyalty is rewarded with a range of great travel benefits when you return for your next voyage — no matter the destination. Ask your booking agent for details.

IMPORTANT: The information provided here is given in good faith and has been compiled with all reasonable care. However, some of the information may become out of date. Please keep this in mind and check with us if you want to be sure about anything. The document was correct at time of printing. If you have any queries, please contact your voyage booking agent or our office. We are here to help you.

Supporting Antarctic Science

One Ocean Expeditions collaborates with various research partners, who are executing important and relevant projects while on-board our expeditions. These projects are funded and assisted by One Ocean Expeditions and our guests. Research may range from collecting data for critical oceanographic studies, to the tagging and tracking of migrant whale populations for universities and scientific institutions.

World Leading - the World Over

For several years One Ocean Expeditions and The Royal Canadian Geographical Society have maintained a collaborative relationship grounded in geographical education, exploration, science, social and economic community development, Canadian national identity and experiential travel. We are proud to be the exclusive marine travel partner of The Royal Canadian Geographical Society and affiliates.

The Right Team

Fewer than 100 guests on the ship doesn't mean fewer staff. Quite the opposite. You will come to appreciate the dedication of our expedition team when onboard the ship. The highest staff to guest ratio in the industry (1:4) allows you to experience the broadest range of activities possible, catering to all interests and abilities. We are known for our flexible, yet professional approach and an ability to 'make it happen'.

INTERESTED IN THIS EXPERIENCE?

When choosing to travel with One Ocean Expeditions we ensure your experience from start to finish is straight forward and well organized.

Start by customizing your journey and mapping out the trip ahead.

If this sounds like the right trip for you, please discuss your ideas and plans with your preferred booking agent. They will reserve a cabin for you on your chosen voyage. This provides time to book flights to the embarkation points of this voyage and to plan other pre or post voyage travel requirements. Please remember that you will require comprehensive travel insurance to join our voyages. This is best arranged at the time of booking. Following confirmation of your reservation, you will need to complete a detailed **One Ocean Expeditions Booking Package** plus other pre-voyage documentation to accompany your deposit. At this point your voyage of discovery is underway.

Take advantage of our experience, which spans decades of expedition travel in the Polar Regions. Should you have any questions, we are here to help at any time.
